## Housing Choice Voucher Homeownership Program HUD-Certified Homebuyer Education

Any of the following options for Homebuyer Education will be accepted by AHA's HCV Homeownership Program. All options provide online education, as there are currently no in-person education options in our area. Follow-up counseling sessions are required for each option, and can be completed online or over the phone with the agency providing the option (not Abilene Housing Authority). A certificate from a homebuying course not on this list cannot be accepted.
